

Y'dres leHAzeWelde-Qirqos!

Greetings in the Names of The Almighty God and His Holy Mother!

This is simply to acknowledge receipt of and to say "Igzer y'sT'll'gn!" for your email and for the kind statements you expressed therein. My detailed response will follow in the coming weeks. Until then, please accept my admiration of your insight of the whole Ethiopian issue, the useful comments and suggestions you made, as well as the critical question you put forward with regard to the possibility of adhering to the age long Divine Code of our Ethiopian Way of Life on the national level. Meantime, I invite you to read the email and response in our web site [ethkogserv.org](http://ethkogserv.org) entitled "from Medina".

Concluding from your own word that you will persevere in your conviction and commitment as a True Ethiopian who stands for God's Truth to the last without wavering, as I witnessed many did, and extending to you and your colleagues, the Blessings of the Holy Covenant,

EthKoG servant, Nibure-Id Ermias
